

# Home Therapy Services

Home Therapy services are available to facilitate **safety**, and enable people with additional **care needs** to remain at home. Our professional **Physiotherapists** and **Occupational Therapists** liaise with you, your family and other health care providers involved in managing your care, to ensure that **your individual needs are met.**

## Benefits

Our professional services will:

- reduce the effects of disability
- promote independent living
- Help young and mature adults with a broad range of conditions including physical disabilities, degenerative conditions, low vision and sensory disabilities, developmental problems, acquired brain injury and recovery after surgery and major health events
- Services are provided in your own home for your comfort, safety and peace of mind.

All our care is provided according to contemporary and evidence based research.

## Type of care available

- Assessment of the impact of disease or injury, home design and social environment on capacity to carry out activities of daily living.
- Physiotherapy and Occupational Therapy care.
- Liaison with health professionals, families and carers to develop an understanding of individuals goals and factors impacting on their health, safety, independence and quality of life.
- Recommendations for exercise programs.
- Recommendations for assistive equipment / aids.
- Prescriptions for specialised rehabilitative equipment.

## Cost

From \$85.90 per hour Monday to Friday plus travel\*

\* Please note all prices are GST exclusive

## Availability

You can make a referral to our Physiotherapists and Occupational Therapists seven days a week.
